

Fairlands Geography Challenge

It's finals time for the World Cup 2014! The Quarter Finals begin tonight and on the 13th of July we will find out the winners!

Your mission is to create a **fact file** on the back of this sheet about one of the countries in the Quarter finals. There will be a  prize for the best one in each year group. You can include any key facts or pictures about the country that you like.

You can also try to guess the overall World Cup winner by ticking one of the boxes next to the list of Quarter Finalist countries below. (Only tick one!) All winning guesses will go into a hat and we will select one at random for a grand  prize.

Good luck and get creative with a country!
