Glossary

**The key words we will need to be able to use,
in both discussion and in our writing:**

Word	Definition
Components	
Switch	
Function	
denominator	
Numerator	
Circuit	
Symbol	
erosion	
Plate tectonics	
copyright	
harmonies	

Please help your child to complete the glossary and be able to use and spell the words. Feel free to add any additional topic related vocabulary that you think of.

During Autumn 2, your child will be studying subjects under the theme of 'Disaster Strikes!'

They will be taking part in a series of exciting activities, which include:

- A book study of Marcus Sedgewick's 'Floodland'
- Understanding weather patterns that lead to disasters
- Designing and creating a program to be used on a Micro:bit
- Exploring the topic further by using it as inspiration for a variety of writing genres

Your child needs your help and involvement.

Please get involved by:

- Take your children to the library to research information about the natural disasters and electricity
- Challenge your child to improve their score each week on TTRockstars
- Help your child to recap on spellings learnt in Autumn 1

- Develop your child's understanding of telling the time. We have taught this in Year 5 and children now need to consolidate this learning in real life situations.

What else is happening?

Values Education

Each month we will focus on a new value, which we will develop and encourage in all areas of school life. Please support your child and encourage them to show their values at home and let us know if they do so we can share and celebrate it at school. The whole school value for November will be **Tolerance** and for December will be **Democracy**.

Homework

Every Friday your child will bring home a class homework sheet. It is expected that ALL children read a **minimum of 4 times** per week and this is recorded in their home reading records.
