Body Works

Year 6
Spring 2 2013

Over the next few weeks, your child will be working on the topic of Body Works

They will be taking part in a series of exciting activities:

- **Make their own digestive system**
- **Investigating the effects of exercise on the aerobic system**
- **Taking care of their teeth**
- **Looking at the impact of diet on a healthy body**
- **Cooking healthy meals**
- **Animating skeletons to see how they move**

**Your child needs your help and involvement!
Please get involved by:**

- ☐ **Take your child to the library & get books and resources about the topic**
- ☐ **Measure the height of your child in centimetres so we can see how much they grow throughout the topic.**
- ☐ **Find photos of your child at ages under 1 year, 2 years, 5 years and current to bring into school. Provide any information about the height of your child from when they were born.**
- ☐ **Keep an exercise and food diary throughout the holidays.**

What does your child know about Body Works?

Before the Topic...

After the Topic...

Sit down with your child and help them record what they know about the topics, BEFORE and then AFTER they have learnt about it at school.

What else is happening?

Religious Education

Most of our teaching of religious education takes place in separate 'mini-topics'. This half-term, your child will be learning about Islam.

SEAL Time

Each half-term, we focus on a particular aspect of Social & Emotional Aspects of Learning (S.E.A.L). This half-term, we will be looking at the theme of Good to be me.

Homework

Please support your child by making sure that they read on a *daily* basis.
