

Thank you for playing Beat the Street! An amazing 28,000 people are now playing the game across Broxbourne, Watford, Hemel Hempstead and Stevenage and the streets are buzzing with people walking, cycling, running and scooting!

Overall, Martins Wood Primary School in Stevenage is currently in the lead for the most miles walked, while Shephalbury Park Primary School is in the lead for the highest average score. The top team in each town in each leader board will win a prize so it's all to play for! Remember that you must tap at least two different boxes within an hour.

**PRIZES** As well as getting more active and enjoying the fresh air, playing the Beat the Street has other benefits. If the target of 500,000 miles is reached, local charities will benefit from a £1,000 donation.

There are also some fantastic prizes for the people—prizes such as gym memberships, personal training sessions, Hollywood Bowl passes and vouchers for local businesses such as pubs and shops, and Hudls.

Check out the leader board at [www.herts.beatthestreet.me](http://www.herts.beatthestreet.me) or like us on Facebook Beat the Street Herts follow us on Twitter @btsherts.

If you're at a loose end this Sunday afternoon why not pick up some double points on the Beat Box (#339) next to King George V Playing Fields for Stevenage Borough Council's Stevenage Day event and say hello to us at our stall: <http://www.stevenage.gov.uk/about-stevenage/stevenage-day/>

Happy walking and cycling! Beat the Street team
