Year 4 Homework

The format of homework for year 4 children will be changing as of **Friday 12th February**. All children will be given a new homework book which will have the table opposite completed and stuck into a double page spread of their books.

Children will be encouraged to complete the homework at their own level in a more creative open ended approach.

As well as this each child's spelling words will be highlighted after their weekly spelling test to show you their score. We would appreciate it if you could support your child in learning their words as this is an important skill to support their independent writing.

We do encourage children to complete their homework weekly as this supports the work they carry out in class. Presentation and handwriting are also very important.

Thank you

Personal learning at home targets

Reading:

Make sure you read at least 3 times per week and get an adult to sign in your reading record.

Maths:**Topic:****Spelling:**

Learn your spellings and write them in imaginative and descriptive sentences. You will be tested next Friday.
