29th November 2016

Dear Parents/Carers,

Year 4 - Growing and Changing

As part of the Science/SRE curriculum for Year 4 the children will be taking part in a 'Growing and Changing' lesson.

The learning intention for this is: To explore the human lifecycle.

Learning Outcomes will include: Describing the main stages of the human lifecycle. Describing the body changes that happen when a child grows up.

We hope you find this information helpful.

If you have any further questions, or would like to see the resources which will be used, please do not hesitate to contact your child's class teacher.

Parents have the right to withdraw their child from parts of Sex and Relationships Education, **which are not covered** by the National Curriculum for Science. Any parent wishing to do so should inform their child's Deputy Head Teacher in writing by **Monday 5th December**, who will work with them to explore alternative provision.

Mrs N Johnson
Welfare Lead
