Body Works

Year 6
Spring 1 2017

Over the next few weeks, your child will be working on the topic of <u>Body Works</u>

They will be taking part in a series of exciting activities:

- Make their own digestive system
- Investigating the effects of exercise on the aerobic system
- Looking at the impact of diet on a healthy body
- Cooking healthy meals
- Studying and recreating the human form through art

Your child needs your help and involvement! Please get involved by:

	Take your child to the library & get books and resources about the
	topic
	Measure the height of your child in centimetres so we can see how
	much they grow throughout the topic.
	Find photos of your child at ages under 1 year, 2 years, 5 years and
	current to bring into school. Provide any information about the
	height of your child from when they were born.
	Keep an exercise and food diary throughout the holidays.
Wł	nat does your child know about Body Works?

Before the Topic	
After the Topic	

Sit down with your child and help them record what they know about the topics, BEFORE and then AFTER they have learnt about it at school.

What else is happening?

Religious Education

Most of our teaching of religious education takes place in separate 'mini-topics'. This half-term, your child will be learning about <u>Celebrations relating to key figures, including Easter.</u>

Values Education

Each month, we focus on a particular value. The value for January will be COOPERATION and the value for February will be LOVE.

Homework

Please support your child by making sure that they read on a daily basis.
