13th February 2020

Dear Parents/ Carers

‘Program and Build’ Workshop

As part of our ‘Rise of the Robots’ topic after half term, we have arranged to hold a ‘Program and Build’ workshop on **Thursday 19th March**.

‘Program & Build’ are workshops on Robotics designed to help achieving curriculum goals within areas such as computing, D&T (design and technology) and sciences. During each session, students build and code robots using LEGO® MINDSTORMS® sets and an easy to use graphical environment. Not only does this gripping activity make ICT classes fun but also it broadens their knowledge and understanding about some key concepts from fields such as science, engineering, technology and mathematics.

PrepareRobo Ltd, who will provide all the resources and equipment for this exciting workshop, will run the event.

The cost of the day will be **£4** per child. Please complete and return the slip below, enclosing full payment. If you are paying using the Gateway, you do not need to return the slip.

Please ensure payment reaches us by **Monday 16th March**.

Thank you,
Year 4 Team

Year 4 ‘Program and Build’ Workshop - Thursday 19th March

Child’s Name.....Class.....

☐ I enclose £4.00 cash/ cheque (payable to Fairlands Primary School)
