Year 5

Pine

Mrs Allan

I have 2 children.
William is 10 and Bethan is 8.

Previously, I spent 13 years running corporate events for Investment Banks in the City.

I left to raise my children before moving to a career in teaching.

I am a very keen runner and I have completed 4 marathons and lots of half marathons.

I used to live in France and I still speak fluent French.

I love to include a lot of French in the classroom, so you might find your children asking to "aller aux toilettes"!

I love to bake, especially with my children.

If I get any spare time, and when I'm not running, I love to read.

I am a keen, but very amateur cook and have subjected my poor family to a number of experimental dinners!

I also love to go on long walks or bike rides especially when there is a pub lunch to look forward to along route.

I sit on my village Parish Council and am currently looking into ways to revamp our local skate park.

I am also part of the committee in charge of running the Ashwell Show, a non-for-profit country show at the end of August.

I love teaching.

The children never cease to amaze, inspire and challenge me.

Each child is unique and I find great joy in helping them discover and be able to nurture their own talents.

No two days are the same and for that I am extremely grateful.
